**Rescuing & Rehabilitating Exploited and Trafficking Women**

Mostly tribal women of both Jharkhand & Chhatisgarh states are exploited and trafficked to other states and they are either sexually abused or tortured. Even many are the victims of violence. SANCHAR volunteers are regularly working to find out such incidents and rescuing them. The exploited women are counselled and wherever possible necessary assistance is given to rehabilitate them through self-employment. SANCHAR has already set up one shelter home at Sareikela Kharsuan district in Jharkhand state and other shelter home at Raigarh district of Chhatisgarh state since the year 2020. The beneficiaries are provided necessary legal justice and arranging sources of their earning.

SANCHAR

Fighting for the rights of Beggars and Transgenders**Services for the Transgenders:**

Transgenders are mostly neglected group of the society. Neither they are given their proper identity and recognition. Finding no other alternatives, they are moving here & there for their survival. SANCHAR has already set up a shelter home for their stay and utilizing them generate income sources through tailoring works since the year 2020. Already 17 such transgenders are given shelter and provided free food in the Shelter home at Sareikela Kharsuan district of Jharkhand state.

Services for the Beggars:

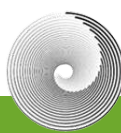

SANCHAR has set up two shelter homes for beggars since the year 2020. One is functioning at Jhinkipani of Jharkhand state and the other one is existing at Dongadhakel in Raigarh district of Chhatisgarh state. At Jhinkipani shelter home there are 26 beggars who are provided with free food and health care facilities through nearby Government hospitals. Similarly at Dongadhakel shelter home there are 23 beggars. The inmates are provided with free food and health care facilities. Efforts are being made to provide them necessary skill development training of carpentry and spice making as their sources of income.

**Running Residential Special Schools in Jharkhand State**

SANCHAR has established two Residential Special Schools at Jhinkipani of West Singhbhum district and in Gumla District HQs of Jharkhand State. About 30 VI, HI, MR children have taken admission in each of the school where they are provided with free education and residential facilities. Professional teachers have been deployed for giving them proper education. A few non-technical staff have also been engaged to take care of the disabled children.

The children reading in the Special School are also given facilities for involvement in various recreational activities, like songs, art, dance and sports. The nearby doctor is also requested to visit the school for their regular health check-up and wherever necessary medicines are provided.

The organization has not yet received any financial support either from state and central government. Only a few corporate sectors and well wishers are donating for continuance of the school. This year the organization has planned to submit proposals before the state government and the Govt. of India for providing financial assistance.

Organizing Skill Development Programmes

There are many tribal girls and women in Jharkhand state who are economically very poor. Some of them are also educated. Still they are unemployed. Only they need to be imparted skill training in different sectors for employment opportunity and preferring self employment. However, SANCHAR has made initial effort to identify 25 girls/women of tribal community and necessary arrangements have been made to give them tailoring training. In this regard Ministry of Skill Development and Entrepreneurship has been consulted and accordingly proposal shall be submitted to provide trainings on Tailoring, Beautician, Physiotherapy & Spa, Food processing, DTP & Data Processing, etc.

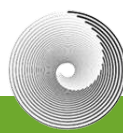

Besides, there is ample scope in Jharkhand to promote tribal handicrafts. SANCHAR volunteers working sincerely to revive handicraft cluster in West Singhbhum. Accordingly the artisans are consulted and mobilized to start their handicraft works in modern and scientific process with the help of machineries.

Controlling Drug Abuses and Treatment of Addicts in Jharkhand & Chhatisgarh

It is now a concern in almost all the social community that very young school and college going guys are in habit of consuming different type of drugs and alcohol. It is also quite surprising that young girls are also fallen prey of this habit. Of course unsystematic life style, parental attitude, excessive stress and strain are the main causes of this bad habit. Consuming drugs and alcohol is also paving the way towards burglary, theft, and unethical work practices. During last two years the organization has set up De-addiction Centers at Jhinkipani of West Singhbhum district and Gumla District HQs in Jharkhand state to control drug uses and treatment of addicts. Regular awareness programme, work-shops & seminars are being conducted to aware the common people and youth society regarding the worst effects of using drugs and alcohols. Similarly, the organization has been running one Drug De-addiction center at Dongadhakel in Raigarh district for controlling drug abuses and consumption of alcohol. Where our volunteers find most addicted persons they are giving proper counselling and taking them to our part-time doctor for necessary treatment. In the process, our volunteers have cured 15 such addict persons.

Work-shops/ Seminar & Awareness Programmes

Work-shop on Environment Pollution

Most of the people are not aware about the duties & responsibilities of consumers. A seminar was organized on 20th Oct. 2021 at Fakirpur village where about 100 participants were present. They were explained about role and responsibilities of consumers and the remedial measures to fight against the shop owners.

One work-shop and one seminar on Environment Pollution have been conducted at Anandapur & Ghasipura towns. The participant have been explained about the role of each individual person towards control of environment pollution and importance was given for plantation of more number of trees to get rid of environment pollution,

Seminar on Consumers' Rights & Duties

Seminar on Road Safety & our Roles

It is known fact that everyday thousands of people are died due to road accidents. The reason is most of the road users are not obeying the traffic rules. Similarly some drivers are recklessly driving and even consuming alcohol while driving vehicles. A seminar with drivers, common people was organized at Anandapur on 28th Aug, 2021 and they were explained about traffic rules and regulations.

Disseminating Tribal Dance & Art

There are many Santali tribe people in Chaibasa. They are fond of their songs, dance and art. They have separate identity about their culture. But due to advancement of societal culture, influence of education and modern society the original form of their songs and dances are about to extinct. SANCHAR volunteers are working hard to restore their art and culture and sometimes organizing Santali dance programme. Our continuing effort towards dissemination of Santali Dance & culture would be great help to the researchers.
